## From the Principals Desk

It gives me great pleasure to congratulate the graduating class of 2022. The achievement of a Higher School Certificate is tremendously important, and they should be very proud. As a dedicated group they have actively engaged in their learning and community. They have been great role models and have helped us to build a positive school culture. I would also like to congratulate Jack Jaramillo, he was a successful recipient in the 2022 Minister's Award for Excellence in Student Achievement. This award recognises outstanding Year 12 students who have excelled in their secondary years across academic excellence, sports, cultural, community and leadership. I wish Year 12 all the best and hope that they demonstrate bravery and ambition as they embark on the next chapter of their lives.

I also had the privilege of welcoming to our school the Acting CEO of ABCN, Greg George and the CEO of KPMG Australia, Andrew Yates as part of an the "partners in learning" leadership program. Great memories were made with our student drum performance, student leadership presentation, the fabulous PR team taking so many photos, and the card trick from Ozvarance Ham Y10 student, such external partnerships are so important to supporting the best possible opportunities for our students and school.

I am also excited to announce our Yarning Circle has been completed by Dalmarri, this will be a new outdoor learning space for our students. A yarning circle is significant within Aboriginal and Torres Strait Islander culture. It will be used to inspire learning though building understanding of respectful relationships and cultural knowledge.

## HSC Examinations

The Higher School Certificate commences on **Wednesday 12 October, 2022**. It is important that students carefully read the HSC exam timetable, noting the day and time of each exam. Students should also ensure that they are at the exam venue at least 20 minutes prior to the commencement of the exam, in full school uniform and with all necessary equipment. Students can still schedule time or email their classroom teachers, who will be available to help students before their final exams.

Students can find the 2022 HSC Written Exam Timetable, [here](#). We wish Year 12 the best of luck with their final exams.

## Illness/Misadventure during the HSC

In the event of your child becoming ill or being involved in an unforeseen event, please contact the school immediately. This allows the school to inform the Senior Exam Supervisor and for the necessary notification to NESA to take place. Should your child become ill, they **MUST** attend the doctors and obtain the necessary documentation to support their absence.

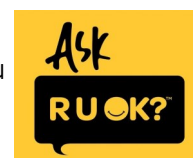

If your child needs to be tested for COVID during the HSC, advise the GP/clinic that they are currently doing their HSC and their test results will be prioritised by NSW Health.

## Subject Selection

Subject Selection for Years 7, 8 and 10 has now been finalised. Students who have yet to bring in their signed subject selection form must do so as soon as possible, to the office. Any student who has not yet chosen will need to see either Ms Mutschall or Ms Sullivan to finalise selection, they will not be able to do them online anymore as the deadline has passed. Students will be notified of successful subjects towards the end of Term 4. Just a reminder that subject choices are final and there will be no changes in 2024.

## R U OK? Day 2022

R U OK? Day is a national day of action reminding us that every day is the day to ask, 'are you OK?'. We can all make a difference in the lives of those who might be struggling by having regular, meaningful conversations about life's ups and downs.

## PSA Schools Recognition Week

We would like to acknowledge the contribution of all school support staff, whether they work in the office, the library, on school grounds, in the classroom or supporting the wellbeing of our students in other roles. They perform valuable work in our schools every day of the year and have supported everyone in their school communities from the teaching staff to the students and families, as well as each other. They have worked tirelessly to make sure no-one is left behind. We thank you for all you do!

We wish our school community a safe and restful holiday break.

Ms Nicole Sullivan  
M, W, Th

Mr Paul De Carli

# Donate Life Jersey Day 2022

## Donate Life Jersey Day 2022

Our students and staff participated in the Donate Life Jersey Day 2022 and were encouraged to wear their favourite sporting jersey to school and make a gold coin donation. All funds raised will be donated to the Make A Wish foundation, who grant lifechanging wishes for children with critical illnesses.

Jersey Day is inspired by the gift of life that Nathan Gremmo gave to six people when he became an organ donor at just 13 years of age. It aims to raise awareness about the importance of becoming an organ donor. Currently there are approximately 1,750 Australians on the waitlist for an organ transplant, with 36% of Australians being registered donors.

# Donate Life Jersey Day 2022

*Our students and staff are making a real-world impact*

# School Captain Messages

It's hard to believe that almost 7 years ago I walked through the school gates for the very first time. It was a daunting, scary experience, but one I'm so glad I stuck with. Being at St Johns Park High School has been unforgettable, and I'm eternally grateful to everyone I've met that have helped me grow and mature throughout high school.

I have learnt so many valuable lessons throughout high school, and I could not have managed any of it without support from the amazing students, staff and community of St Johns Park High School. Everyday, I have come to school and been surrounded by truly the most amazing friends, peers and teachers who have pushed me to become a better version of myself and taught me new things everyday. I am so very grateful for each and every one of you.

High school has taught me the value of hard work, dedication, discipline, and where these traits can take you, this school taught me to strive for excellence, and provided me with the opportunities to do so. But above all, it has taught me about kindness, loyalty, and the importance of friendship. St Johns Park High School has made me a better person, and a better version of myself.

In the future, I would love to study international relations, or politics, philosophy and economics at the University of Sydney or the University of New South Wales, with the hope of eventually working as a diplomat or economist.

I could not have done anything without the support of the other captains and prefects, it has been a pleasure to work with you all. It has been an absolute honour and a privilege to be your School Captain in 2022 and I hope I have made you all proud. Thank you.

**Grace Bowen** - School Captain 2022

# School Captain Messages

I cannot believe how fast time has gone and it has been almost 6 years since we walked through those gates as Year 7 students and now we're bound to walk out those gates for good. What a journey! We thrived! We've finally reached the end! (Well nearly - we might have graduated already but we still have to sit the HSC).

With our high school journey about to come to an end and our journey to adulthood about to start, I am forever thankful, humbled and privileged to have been with you all throughout high school. All the memories we've all made will be forever cherished - whether sad, cringey, hilarious ones, even embarrassing ones, but in particular, our memories of togetherness and happiness as whole.

Throughout my time in high school, I have not only learnt about the subjects I chose to study, I have also learnt many valuable lessons about the world we live in; the What, Why, When, Where, Who and How's of life. I have learnt everything from as simple as self-discipline and time management all the way through thinking outside the box to solve the most complex problem life could ever throw at you. Thank you, for this would not have been possible without you all - to the amazing school staff and executives, fellow peers and the supportive community. Thank you for being an inspiration to me.

I would also like to thank the SRC team, our coordinators, Ms Le, Ms Pavlovic and Ms Lieu, my fellow captain, vice-captains and prefects. I would not have made it through without all your ongoing support and encouragement.

In the future, I hope to study engineering and business in the University of Technology Sydney (UTS) to one day, become a civil or electrical engineer and have a background in business in case I do decide to build my own business.

As my final message, I am eternally grateful to have spent my high school with you all! I'm sad that this chapter of my life is closing soon, yet I am happy as I know another one has just opened. To fellow students, strive for the best! Give it your all! You might not see it coming straight away but trust me, all will eventually all pay off!

It has been an absolute honour and pleasure to have led you as one of your 2022 Captains. Thank you for trusting us and for all the support throughout our time.

**Jack Jaramillo** - School Captain 2022

*Thank  
you*

*We thank our Captains, Vice-Captains and Prefects for their leadership  
and we wish them all the very best for their future endeavours!*

# School Captain Messages

Over these past few years, it's safe to say high school has been incredibly challenging within all aspects of itself. However, when I look back on my time at St. Johns Park High School, I have many fond memories that I know I'll always look back on in a positive light.

I have undergone various newfound experiences throughout my time here. From joining the SRC team in Year 7, it has granted me the opportunity to be more involved within our school community, and support in the organisation of school events and initiatives. These have allowed me to develop new friendships, as well as acquire various fundamental skills such as those of communication, time management, leadership, collaboration, and critical thinking.

My time in high school has allowed me to flourish as a person, and with the support of students and faculty, strive for self improvement and excellence within my studies. Ultimately, I have learnt to always put in the effort to achieve my goals, and to endeavour for my personal best in all circumstances. However, I could not have accomplished my aspirations without the endless encouragement of the school community, and for that I say a huge thank you.

While the future remains unknown, I know for certain that I will be utilising my prior experiences and newfound skills in transitioning into the next chapter of my life. In this chapter, I hope to study business at university.

In my final message, I would like to acknowledge how much of an honour it has been to be one of your Vice Captains for 2022. I am eternally grateful to have been given such an immense responsibility, and I hope that I have done our school community proud. So once again, thank you!

**Zara Winfry** - School Vice-Captain 2022

As a whole, my journey throughout high school has been an unforgettable experience. Although it has come with its challenges, there have been countless positive memories.

Since Year 7, the school has offered various opportunities to be involved within the school and its community, which I am extremely grateful for. During my first year at St. Johns Park High School, I joined the SRC team, allowing me to connect with the school community and become involved in event organisation and public speaking. Overall, this allowed me to enhance skills such as communication, leadership and cooperation.

Opportunities such as this have allowed myself to grow as a person in a positive manner. Furthermore, the huge support from my teachers, coordinators, principals and peers have strongly influenced me to grow as a person and to that I am unbelievably thankful for. This incredible support from programs and the people around me is something I will never forget.

In terms of the future, I definitely want to use my knowledge gained from high school to transition into university. In particular, I'd like to study a type of environmental or civil engineering. This interest has become apparent due to my enjoyment of subjects such as Engineering Studies and Earth and Environmental Science.

As a final message, I want to acknowledge how grateful I am to be given the opportunity as a Vice Captain, yet extend my appreciation to the school and its community for helping me get to this stage. Simply, a huge thankyou to everyone.

**Xavier Winfry** - School Vice-Captain 2022

## How to ask a friend if they're OK

**We all have good and bad days**

But did you know young people are **most likely** to talk to friends or family members as the first step in seeking support when they're struggling.

Asking a friend how they're going could be the first step in getting them the help they need.

You're not expected to fix someone's problems or know the best way to help and support. But you can listen to what your friend is saying, let them know you care and tell a trusted adult if you're worried about them.

**Learn how to ask a friend R U OK? in this guide**

### When to ask R U OK?

These are some of the signs or changes that can indicate a friend might need some support.

You might notice that they:

- Withdraw from their friends or their family.
- Lash out at people and get angry or upset easily, including towards the people they care about.
- Cry or become emotional.
- Lose interest in activities and things they usually love.
- Have changed their sleeping patterns. They might be sleeping all the time, not sleeping much at all, or sleeping at strange hours (like in the middle of the day).
- They could be eating more than usual, or less.

The most important thing is to trust your gut. If you notice a change or just feel that something's not quite right with your mate, take the time to ask, "are you OK?"

### Before you ask R U OK?

- Make sure you're in a good headspace, so you're not distracted or stressed.
- To help them feel comfortable opening up, find a time and place that works for you both.

For more tips visit [ruok.org.au](http://ruok.org.au)

**R U OK?**

A conversation could change a life.

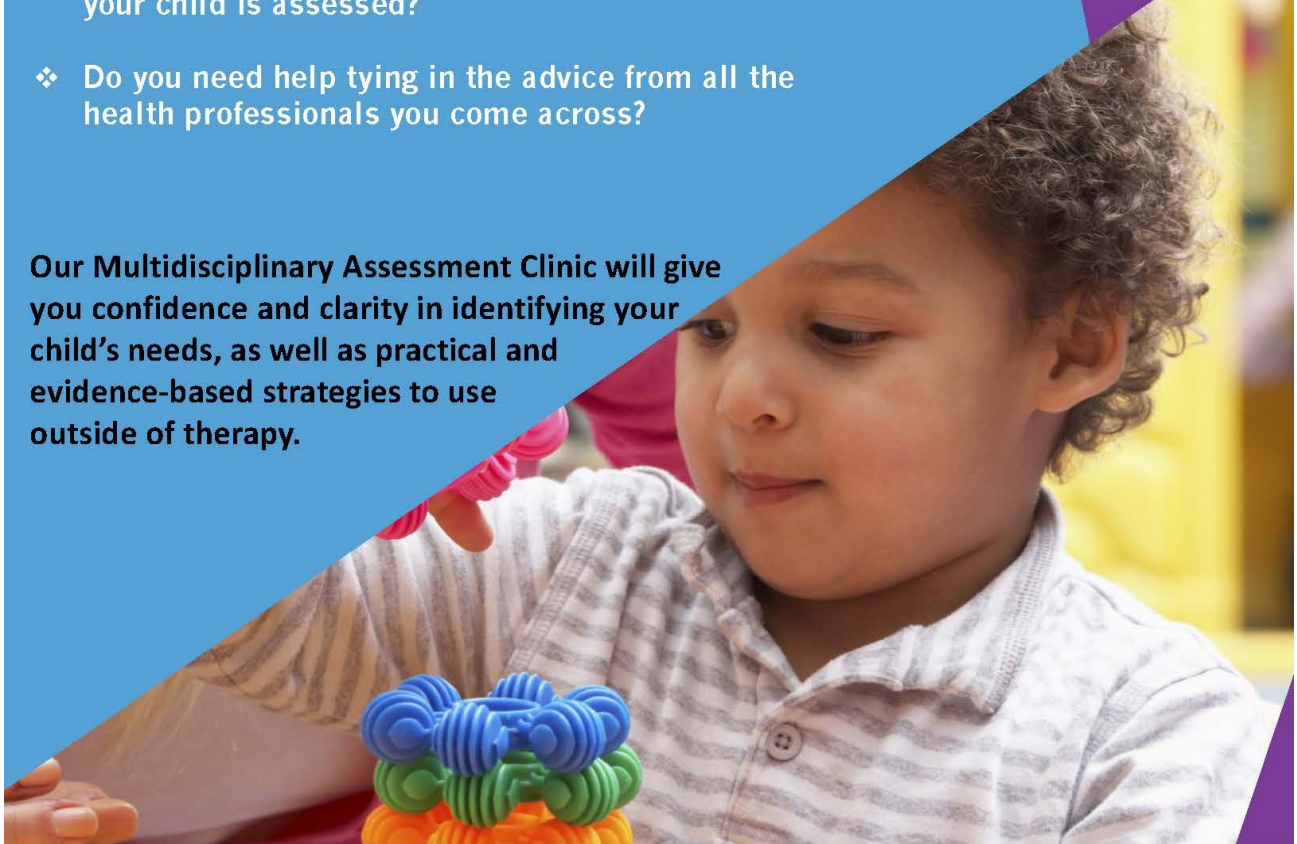

**New!**

## MULTIDISCIPLINARY ASSESSMENT CLINIC

- ❖ Is your child behind with their milestones but you can't figure out exactly what kind of support they need to grow and succeed?
- ❖ Are you unsure where to begin on your child's therapy journey?
- ❖ Do you want to 'rethink' your child's therapy journey and get a fresh perspective?
- ❖ Are you tired of reading multiple reports every time your child is assessed?
- ❖ Do you need help tying in the advice from all the health professionals you come across?

If you answered "YES" to ANY of these questions, Please talk to our reception team

**Our Multidisciplinary Assessment Clinic will give you confidence and clarity in identifying your child's needs, as well as practical and evidence-based strategies to use outside of therapy.**

**To Enquire or Book:**

Ph: (02) 8734 3065

Email: [reception@AHPartnerships.com.au](mailto:reception@AHPartnerships.com.au)

## MULTIDISCIPLINARY ASSESSMENT CLINIC

### ASSESSMENT CLINIC PROCESS

Our Multidisciplinary Assessment Clinic is the first step or a 'rethink' in your child's therapy journey.

Our multidisciplinary team provides individualized assessment for your child and helps you decide the next steps needed to help them achieve their goals.

Initial consultation – Our team will gather case history information to find out more about what's going on for your child

Our team decides what assessments your child needs (Speech Pathology, Occupational Therapy, Behaviour Therapy and/or Psychology)

Assessment/s are completed

Multidisciplinary team meets to discuss the assessment and unpack the results holistically

The team puts together ONE comprehensive report with all of the results and recommendations

To Enquire or Book:

Ph: (02) 8734 3065

Email: [reception@AHPartnerships.com.au](mailto:reception@AHPartnerships.com.au)
